

Prevent Necrotic Enteritis in Poultry

NECROCARE - 10%

BMD 10% BACITRACIN METHYLENE DISALICYLATE GRANULE

Necrocare is a Type A medicated article that aids in the prevention and control of necrotic enteritis in chickens caused or complicated by *Clostridium* spp. It's used for increased rate of weight gain and improved feed efficiency in chickens. Necrocare also is used for the increased egg production and improved feed efficiency in laying hens during the first seven months of production. It is a fermented product which has very high bioavailability of Bacitracin.

How Necrocare Works:

- By controlling necrotic enteritis, Necrocare helps preserve the integrity of the gut wall.
- Not absorbed from the intestinal tract, thus no withdrawal period needed
- Chilsonation process produces free-flowing, dust-free granules to improve flowability and stability to ensure proper dosage
- Reduces subclinical and clinical disease, resulting in greater productivity and decreased morbidity/mortality
- Consistent performance after many years of use

Composition: A dried precipitated fermentation product obtained by culturing *B. Licheniformis* Tracy on media adapted for microbiological production of bacitracin; calcium carbonate for manufacturing medicated poultry and Livestock feed only.

Active Drug Ingredient: Each Kg. contains feed grade bacitracin methylene disalicylate equivalent to 100 grams bacitracin.

Dosage for Poultry:

- As prevention: 250 gm per ton of feed
- For control of disease: 500 gm per ton of feed

**For Increased Weight Gain
of Poultry**

NECROCARE - 10%

BMD 10% BACITRACIN METHYLENE DISALICYLATE GRANULE

Benefits:

- Improves growth and body weight in the broiler birds
- Improves egg production in layer birds
- Improves egg production and hatchability in the breeder birds
- Controls harmful bacteria in the birds

Withdrawal Period: Nil

Toxicity: Nil

Shelf Life: 2.5 years from the date of manufacturing.

Storage: Store in a cool, dry place. Protect from direct sunlight and moisture.

Presentation: 25Kg HDPE Bag

*Poultry feed Supplement not for Human Medical Use.
